

## Vocational Skills Education Training Center Intake Examination and Registration System

### 职业技能教育培训中心入校审查、登记制度

First, check and examine the legal documents. The detained person must have a legal document or witness documents that must be approved and hand-signed by the leader of the school; at the same time, the detainee's detailed information must be submitted by paper and electronically.

Second, there must be more than two staff members when taking a detainee into custody.

Third, conduct an inspection of the person and their belongings. Those who according to the rules are detained as criminal suspects, [and] defendants, shall be subject to a stringent search of their bodies and their belongings. The physical inspection of female [detainees] is to be done by female staff.

Fourth, conduct a physical exam. After checking the legal documents and confirming that they meet the conditions for detention, the person being detained should be examined for their health status.

Fifth, conduct interrogation and registration. All those who are taken into custody must be interrogated and registered.

Seventh<sup>1</sup>, before placing detained criminal suspects [and] defendants into detention cells, announce to them the internment facility rules and behavioral norms, inform the detainees of their legal rights and obligations.

Eighth, criminal suspects [and] defendants who have been taken into custody shall be sent to detention cells for detention according to their gender, age, and other relevant circumstances of their [legal] case.
