

Assignment 4 Instructions

1- Read Weller chapter 2 (The Internet Bookstore - a case study)

2- Using the attached word template, develop an action mitigation plan for the Internet Bookstore, by creating the risk impact matrix, likelihood score matrix, 5x5 Risk scoring matrix, and finally the mitigation action matrix. Be sure to replace with your own text all the notes enclosed in <> and fill all the cells in the matrixes. Feel free to modify the document as you see fit. In the risk impact matrix, be sure to include the customer, the bookstore, the bank, and the courier as affected areas (domains)

3- email the assignment to the instructor.
